# SPEAKER PACKAGE

For speakers, curators and  
participants who will  
brainstorm ideas that help  
one self, others and nature.

i - I N V E N T . O R G

**In preparation think about**

Any ideas or stories that  
have helped you in the  
past or ideas you would  
like to pursue in the  
future.

**For the event PR:**

we may share your photo and bio in our local, national and global press releases and social media posts prior, during and after the event.

SECRET

# Come with a blank piece of paper or open arms per se

Coming to a brainstorm with an open mindset  
enhances the experience for you as well as others.

# 01

## Topic

Don't worry about it. We will send it to you as late as possible so you don't come prepared, but are spontaneous with sharing your personal stories and experiences that will enable good ideas in the audience.. and it's guaranteed they will resonate with the topic..simple ya?

02

# Idea and passion

Think about any idea you are pursuing irrespective of the success or failures. Pursuing it gives you a sense of satisfaction and happiness.

# 03

## Know your audience

---

Students, Professionals and home makers of all age groups will be present. So all ideas need to be rated G.

# 04

## A No No

---

Avoid ideas that may offend some one's faith, political affiliation or orientation.

# 05

## Testing

---

After receiving the call/app details, please download and test the dialing in and sound quality. You may not be able to connect since the brainstorm has not started, but at least the initial test would be complete.

# 06

## Getting ready

Provided you have already download the conference app and checked the dial in

- Join the call at least 15 minutes early
- Try to be in a quiet room/place
- If you are sharing video please be aware the audience is watching
- Dress up as if you will be meeting in person

## Respect

All ideas though you may disagree

## Disagree

with a smile

## Sunday

Talk like it's a sunday morning or a dinner table discussion

## Most important

Have fun

# 07

## Brainstorming

—

- Start with your Introduction
- Mute the mic if not speaking  
or if there is a background noise
- Wait for the current speaker to end before  
starting to speak
- Due to a global audience the voice may be  
delayed

08

# **Announce your arrival.**

Some of us in the brainstorm may not know you.

09

# **Mute your microphone when it's not your turn to talk.**

Any unwanted background noise can reduce the success of the online meet up. Open your mic only when you have to share.

10

# Take your time.

Going from face-to-face meetings to online brainstorming can be a big adjustment. A supportive environment is key in helping everyone transition to the new way of collaborating.

A glowing lightbulb is positioned inside a large, hand-drawn chalk thought bubble on a black background. Several smaller, empty chalk circles are scattered around the main bubble. The lightbulb is lit, with a bright glow emanating from its filament.

An idea grows when it is  
shared with other ideas.

THANK YOU FOR MAKING THE TIME
